Rationale:

- Department 25 does not have the LMP funds to purchase product for tape-on or support display payment for same.
- Using Columbia Distributing Company (C #20314) as an example, B&W sales have increased from first quarter 1980 by 17.65%. VICEROY sales for the same period have remained static and declined a small amount (see attached DEB report).
- Given TA-57's promotional activities on KOOL, KOOL LIGHTS, KOOL ULTRA, BARCLAY Regular, BARCLAY Menthol and RALEIGH Lights. This promotion seems to be advantage to VICEROY simply as a promotional opportunity.
- BDI may suggest interest in a VICEROY promotion in this TA.
