Dear Doctor Spears,

Thank you for your cable. I shall very briefly inform you that I intend to stay at the same hotel as you, arriving Monday the 15. and returning on Wednesday the 17.

I have not yet received the tickets from Hiller in spite of my letter to him. I shall however write him another letter and if you dont mind make the arrangements for the Bermuda conference as follows.

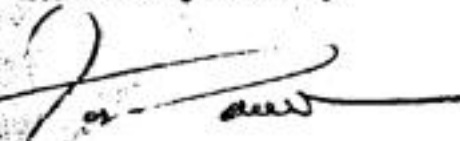

I intend to arrive at Bermuda on October 22. which is one day before the take-off and leave on Sunday October 26. which is one day after the conference is over.

As you remember Doctor Rylander and I found it better to plan for ourselves and these days are in accordance with his plan.

What I would like to discuss with you in London are two things. First a little about the conference, secondly PMO as a drug which seems to be very interesting.

Concerning the financial situation I suggest we will discuss that in December but I would still be grateful for the usual 300 dollars for expences in London, and additional 25 dollar for the hotel.

Sincerely Yours,

Tore Dalhamn
