Dear Sir:

Enclosed herewith are two boxes containing 25 each of handmade filter rods. The paper used in the set coded PD 46-4516-1 contains 25% Florisil activated at 550° F.; that used in the set coded PD 46-4516-2 contains 25% Florisil activated at 1200° F.

We will be interested in any information you can give us about the behavior of these rods.

Cordially yours,

ECUSTA PAPER CORPORATION
